

Non-Profit Organizations

Mission-Focused CPAs

Wessel & Company understands that non-profits need to create effective programs and ensure transparent financial reporting in order to maintain their non-profit status. Our professionals provide the audit or accounting and tax support necessary to help keep you focused on your mission.

Accurate, Timely Support

Wessel & Company delivers financial and advisory solutions to provide organizations with the information and ideas to stay focused on their mission. We support a number of non-profits. Our professionals are trained in the regulations and processes needed to ensure compliance and accuracy and have the communication skills to translate financial results and explain them to your management team and board.

Advisory Relationships

Our team invests the time to understand your goals and concerns, so we can direct our efforts into areas that are most vital to you. We work with organizations and foundations to make sure their financial systems are accurately capturing and reporting financial transactions. We become part of our client's team and always seek to add value to our relationship.

Our Services Include:

- Audits & Accounting
- Single Audits
- Employee Benefit Plan Audits
- Internal Controls & Fraud Prevention
- 990 Return Preparation & Filing
- Exempt Status Applications
- Consulting on Governance Issues
- Cash Flow Planning
- Operational Consulting

Supporting Your Cause

To achieve a mission, you need financial statements, accounting records and tax returns that are informative, transparent and timely. We understand this is crucial in helping you achieve your goals. We can become your auditor or help you cost-effectively run your accounting department.

The Next Step

Take the first step and call our office at (814) 536-7864 to see what our firm can do for you.
